INFORMATION

The Governance Innovation Week 2014 has been designed as a ‘green’ conference. All our advertising materials, folders, posters and pens have been produced with recycled materials. All our international guests will be accommodated in beautiful local guesthouses around our campus and our staff will walk with them back and forth every day of the conference. The food and drinks served at all receptions are organic and locally produced. Each meal will be accompanied by a short description of its cultural and geographical origin besides its nutrition content. We have catered for a variety of dietary requirements and intend to showcase the beauty of African cuisine. We all trust you will also enjoy this aspect of the conference. Our entertainment event on 4 June will include ethnic dancers, local choirs and poets. These are all students who believe in pursuing different forms of art as part of their academic curriculum.

***This conference is funded by the Jean Monnet Research and Information Activities
(Project N°. 538192-LLP-1-2013-1-ZA-AJM-IC)
and co-funded by the European Union’s FP7 programme Atlantic Future (Grant agreement no: 320091),
the South African Department of Science and Technology, the RegioConf project (with funding from
Compagnia di San Paolo, Volkswagen Stiftung and Riksbankens Jubileumsfond), CIRAD – Agricultural
Research for Development, the Centre of Globalization and Development at the University of Gothenburg
and the Building Global Democracy Project.***
